

# NOVEMBER 12: San Carlos Gone By

☒ San Carlos resident, Becky Green, has decided to undertake a momentous task, and is asking for your help. Becky, who is a longtime resident, had an elderly neighbor who often asked if she would like to see his pictures of San Carlos in its early days. As a person who loves local stories and old photos, she always said, “yes,” but the visit never came to fruition; her neighbor passed; the pictures are gone; her memory of a lost opportunity remains. ☒

Through a series of phone calls, Becky found SCFOL, told us of her quest, and presented us with her idea. Becky’s quest is to collect copies of early photos, stories, newspaper articles, tickets, programs, and memorabilia that show/relate to the early days of San Carlos. She will then create a photo display to be shown in the San Carlos Branch Community Room & Art Gallery (and some day in the new branch library), and a “San Carlos Gone By” website where she will post your stories and photos. (attached is an example )

We loved her idea, and together a plan was formulated. The ☒ library has set aside the Community Room from 1:00-4:00 p.m. on the the following Saturdays: August 13, September 10, October 8, and November 12, for you to bring in your old time photos, memorabilia, and stories. Click [San Carlos Gone By](#) on . Becky will scan your treasures on the spot. Above picture shows Becky scanning memorabilia, and bottom right shows San Carlos residents perusing saved treasures. Do you remember ☒ this Union Gas Station? She will love for you to tell her about them, but will not actually be interviewing you. Any information or stories you wish to be included on the website or be attached to the photos should be given to Becky in written form. Can’t make any of these dates? Becky will come to you! Contact her at [becky.green202@gmail.com](mailto:becky.green202@gmail.com) or phone her

at 619-251-3447.

We are very excited about Becky's project and hope you will go through your treasures and old photos and share them and their stories on one of the above dates.
