

Multiply Your Library Support With A Matching Gift

Your San Diego Public Library Foundation support could be multiplied. Many local companies match employees' charitable giving. Some companies even match gifts made by retirees and

spouses. Ask your personnel department about your company's matching program, and double your investment in library programs, materials and technology. For more information, contact Kymberly Mueller at 619-238-6641 or at kmueller@supportmylibrary.org.
