Congratulations: Summer Reading Program Update

Congratulations to all of our 2019 Summer Reading Program participants. This year, 460 out of 746 San Carlos Branch patrons who registered for the Summer Reading Program, completed their goals. This compares to 303 out of 547 in 2018. WAY TO GO! And keep on reading throughout the year. Attendance at the Wednesday Special Summer Event programs totaled 967. That's up from 768 last year. The San Carlos Staff and SCFOL appreciate your participation and hope all enjoyed the programs. Our Fall lineup of kids programs have been expanded to include some new STEM experiences. Check them out. See you at the Library:)
