

CREATE a “Postcard to a Better Future”

The Library hosted several great events and activities celebrating this year’s **One Book, One San Diego** selection, ***They Called Us Enemy*** by George Takei. There have been three author events, a “My SD” poster contest, and 1,000 “Paper Cranes for Peace” made (which are now displayed in the Central Library lobby). Another way to participate is to complete a **Postcard to a Better Future**. Community members can share their views of a better future by answering the prompt, “To promote a community that supports justice for all, I plan to...”. Returned postcards will be displayed virtually on the Library’s website. Download your postcard
