

# LibrariesTransformSD

*LibrariesTransformSD* is a coalition between the San Diego Public Library Foundation, Friends of San Diego Public Library, the City of San Diego Public Library Commission, and a community of library supporters dedicated to strengthening The San Diego Public Library System by advocating for the resources necessary to sustain our beloved community libraries.

Libraries are facing unprecedented budget cuts. Please take action to support the SDPL system by contacting Mayor Gloria and City Council members, and asking them to support the following 2022 budget priorities: **Protect Library Hours, Stop Budget Cuts in Materials, and help Bridge the Digital Divide.** Get involved! Visit [librariestransformsd.org](http://librariestransformsd.org), and sign up to have a packet of pre-addressed/ stamped postcards sent to you which make it very easy to contact Mayor Gloria and City Council members and show your support of our libraries . On April 19, 2021, Mayor Gloria will Present the FY 2022 Budget to the City Council. Other important budget review dates are May 5, May 20, June 9, and June 14, 2021. Let your voice be heard.
