

CRAFT TIME

Need a new craft for your kids to work on? Call the San Carlos Branch Library at 619-527-3430 and ask if they have any craft kits available. Our branch works to have a new craft each month, but numbers are limited. Other branches occasionally share some of their unique kits with us. Our inventory changes daily, so just call, and if craft kits are available, tell the staff when you will be by to pick them up. When you arrive, call the same number from your car and staff will bring the craft to the outside contactless pickup table. Remember, all libraries are closed daily from 1-2 p.m. for lunch and cleaning. Have fun!
