Community Survey Coming Feb. 17

The San Diego Public Library is important to me & my community because...

Participate in the Library Master Plan Process.

The Library is partnering with the Library Foundation to update the San Diego Public Library Master Plan. The current plan has not been updated since 2002 and is now based on outdated data and

assumptions. With support from City Council offices, the Library and Library Foundation are working with nationally recognized library consultant, Group 4 Architecture, Research, and Planning, to develop a long-range vision, framework, and strategy for Library facilities, technology, and program investments that accurately reflect community needs. To ensure input from all San Diego communities, we need broad participation in the Community Survey. Beginning February 17, you can complete the survey on the page linked below. Via the same link, you can sign up to have the **LIBRARY MASTER PLAN presented to your organization**. The survey will be available in Chinese, Arabic, Farsi, Vietnamese, Tagalog, Spanish, and English. SURVEY: [Click Here](#)
