

[SCBL 2021 Wrap-up with Managing Librarian, David Ege](#)

Due to the COVID-19 pandemic, 2021 continued to be a year that would challenge the ingenuity of our Library staff. At the ZOOM November 17, 2021 annual SCFOL General Membership meeting, SCBL Managing Librarian, David Ege, gave us an update on the status of our new SCBL and reviewed how his staff was able to rise to the COVID-19 challenge. Below is the outline of his presentation.

- Saturday, March 14, 2020 – Last Day open to the public
- Monday, July 6, 2020 – Contactless Pick Up Service starts, serving up to 100 patrons/day at SCBL
- While we were closed, we weeded the collection extensively, removed shelving to make it lower and more accessible and moved sections of the collection for more visibility.
- September 2020 – Youth Services Librarian, Erin Moore, designs and implements the “Grab & Go Kids Reads,” a collection of bagged, themed paperbacks that could be checked out altogether.

NEW SAN CARLOS BRANCH UPDATE

- New SCBL Building Update – Email received 11-3-21 from San Diego Regional Water Quality Control Board regarding Stantec’s request for an extension to remove “underground equipment.” The City has not issued the proper permits so Stantec cannot get on the site to do the work. An extension has been granted until May 31, 2022.

- District 7 Councilperson Raul Campillo’s Office Dispatch stated:

“In April 2021, the San Diego Regional Water Quality Control Board recommended closure of the current groundwater case at the proposed site. Once the consultant submits their well destruction report later this year, the Board can issue a “Letter of No Further Action” and the purchase sale agreement can be routed to the City Council. My request is to coordinate with private funding to fully fund construction, in order to bid and award the Design-Build contract.”
