

MAY 18: SCBL Robotics Extravaganza

Saturday, **MAY 18, 10 am - 1 pm**, the robots are returning to the San Carlos Branch Library. In the library's lower parking lot at the corner of Jackson & Golfcrest, teams from local schools and the San Carlos neighborhood will display and explain their robot creations. **Aguirre Tech** will also be there demonstrating the action of their drones. Interactive STEM activities and a robot craft will be available in the Community Room. Hopefully the SWAT and bomb squad teams will be able to join us again this year. Click on

Congratulations to the PATRIBOTS, the Patrick Henry Robotics Team! They scored well at the Regional Robotics competitions again this year and traveled to Houston in April to compete for a National or World title.

Among the clubs participating in the Annual SCBL's Robotics Extravaganza this year are: FRC #4738 - PATRIBOTS; FLL #50899 - Mechanical Meatloaf, #50906 -Tinkerbits, #37377 FANTASTIC BOTS, #20358 Dailard Mechanical Dolphins-Red, #28375 Mechanical Dolphins- Blue, #50739 Dailard Mechanical Dolphins-Green #25481 Synergy Tech Tronic Builders; FTC #18365 - Dapper RoboNoodles, #23696 Kinematic Flying Chickens, #14129 Encrypted Goofy Geese, #10092 Green Griffins, and #4216 Rise of Hephaestus.

Last year's Extravaganza was a great success. Robotics teams help young people develop skills in engineering, coding, and construction, plus BOTS are LOTS of FUN! Come learn how to get your children involved in this exciting career path.
