

# Library NExT STEAM WORKSHOPS: grades 3-12

STEAM WORKSHOPS for grades  
3-12

**DiscoverU's** science, technology, engineering, art and math (STEAM) programs get students in grades 3–12 excited to learn and explore new subjects. Click <https://www.sandiego.gov/librarynext>

These hands-on workshops include computer programming, engineering, geology, and more. Past events have included pop-up planetariums, team design challenges, assembling mini-robots, and coding camps. Events update quarterly. Registration is required. Click [REGISTRATION](#)
