

[January 16, 2-3 PM: OASIS – Socrates View of the Good Life:](#)

January Speaker OASIS Retired Philosophy Professor, Bruce McGraw, will discuss the meaning of a series of Socratic concepts and how to apply them to understanding and living the good life. This class will be primarily a discussion class as we probe together the validity and meaning of the Socratic vision. We will follow Socrates' belief that we learn better through dialogue than monologue.
