

## [NEW: Updates to Children's Programs!](#)

### **Kids Programs**

San Carlos Branch Library is proud to offer a variety of engaging children's programs designed to inspire a love of reading, learning, and creativity. Whether your child enjoys stories, strategy, or hands-on innovation, there's something for everyone — and we're excited to introduce a brand-new program this season: **LEGO Builder Club!**

### [Preschool Storytime](#)

Our Storytime program is a favorite for young readers and their caregivers. Through stories, songs, and simple activities, children build early literacy skills while having fun in a welcoming, interactive environment.

**Dates:** Thursdays

**Time:** 10:30 – 11:00 am

**Ages:** Toddler/Preschool

### [Youth Chess](#)

Youth Chess offers children the chance to learn and practice the game of chess in a supportive setting. Players of all experience levels are welcome, from beginners learning the basics to seasoned players looking to sharpen their strategy.

**Dates:** 2nd and 4th Tuesdays

**Time:** 5-7 p.m

**Ages:** 18 and under

## Junior Innovators

Join us for fun and engaging STEM presentations and projects. Elementary and middle school students will work on a variety of science and math activities. This program is hosted by the Patrick Henry High School Junior Innovators Club.

**Dates:** Third Tuesday, Monthly

**Time:** 4:00 – 5:00pm

**Ages:** Elementary & Middle School

---

## NEW! LEGO Builder Club

We're thrilled to announce the launch of our **LEGO Builder Club**, a new program where kids can let their imaginations run wild. Participants will design, build, and collaborate using LEGO bricks in a fun, relaxed environment. No experience required — just creativity and enthusiasm! Each creation will be put on display in the library for 2 weeks.

**Dates:** Saturdays (2nd & 4th Monthly) starting January 10 & 24

**Time:** 10:30-11:30 am

**Ages:** 6 and Up

---

All programs are held at the Library and are a great way for children to learn, socialize, and have fun. We encourage families to join us regularly and try something new — especially our newest addition, LEGO Builder Club!
