

Robotics Showcase Extravaganza

Did You Know There are Robots in the
San Carlos Community?

Saturday, April 9th • 10am - 1pm

Robotics teams help young people develop skills in engineering, coding and construction. Community robotics teams will display and explain their robotic creations. Come learn how to get your children involved in this exciting career path. A partnership with the Henry Cluster STEMM Foundation.

- Robotics Showcase—Lower Parking Lot
- Interactive STEM Activities—Winer Family Community Room
