

October Artist

Noreen Ring

October 6th - 31st • Winer Family Community Room

Noreen will be showing her small, intricate, colorful quilts. She describes her work as reflecting an “other-world” feeling with a sense of universality. “Earth, mountains, rocks, flowers, the sky, the stars, moons – things that we know exist with certainty but aren’t sure of the details and how they might fit together somewhere else.” Her quilts are hand stitched and beaded with embroidery and metallic threads.
