

January Artist

Eileen Mandell

January 4 - 30 • Winer Family Community Room

Although now retired, Eileen was lucky enough to have her dream job for 30 years- teaching high school photography and developing at the Digital Arts high school program in San Diego East County, and at night, focusing on her personal passion of photographing the night sky.

Eileen tells us, "With a background in art, I tend to look for shapes, lines, and patterns. Stars, constellations, and the amazing detail of the Milky Way provide me with numerous artistic, photographic opportunities."

Art Reception

January 21st

Noon - 2pm

San Carlos Branch Library
