

November Artist

Karen Howard

November 1st - December 4th • Winer Family Community

Karen Howard received her Associates Degree in Fine Arts in 1983. Six years later she was introduced to pastels and fell in love with the immediacy and tactile nature of this medium. She and her husband moved to San Diego in 1970 to be close to the Pacific Ocean. Her ocean knowledge led to the painting of many seascapes, and she became comfortable in her ability to capture the spectacular explosion of energy in breaking waves. Howard later began a series of still life paintings that demonstrate a mastery of light and shadow through the use of pastels.
