

April Artist

Patty Palenschat

April 3rd - April 29th • Winer Family Community Room

Inspired by the beauty of nature and people, Patty's subjects come to life on canvas and in the form of sculptures. After earning a B.A. in Fine Arts from UCLA, and a teaching credential from SDSU, she spent 30 years as a Visual Information Specialist for the U.S. Navy. Patty has been commissioned to do numerous portraits and sculptures and her artwork has been exhibited locally at Liberty Station, Bay Front Gallery, and the Chula Vista Art Association. Don't miss the chance to see these beautiful realistic portraits in person!
