

Robotics Showcase Extravaganza 2025

Saturday, May 17th • 10am - 1pm

Robotics teams help young people develop skills in engineering, coding and construction. Teams from local schools and the San Carlos neighborhood will display and explain their robotic creations. AguirreTech will also be in attendance flying drones. Come learn how to get your children involved in this exciting career path.

Did You Know There
are Robots in
San Carlos?
